

VMS-A

Hire mobile colour VMS-A for inner city and urban works or for roads with speed zones up to 50mph. With a caravan style support stand for a secure footprint, the VMS-A although small in size offers a wealth of technology including; single plug and play control module, autonomous solar charging system and a high, bright, low power consuming LED display.

The VMS-A can be used as a stand-alone temporary VMS or in conjunction with radar to display: a message; a message and the motorists speed; speed only; and/or a 'too high' and 'too fast' message.

The VMS-A is versatile, easy to set up and operate, reliable under all conditions and offers impact, choice and the flexibility to use red, green, blue and white as well as standard amber.

Hire mobile VMS-A with a radar unit for the perfect data collection and speed enforcement unit.

MVIS DATA SHEET

VMS-A

Key Features

- Full graphics and pictograms
- Non-glare, UV resistant polycarbonate
- Speed radar device can display and log vehicle speeds
- Security features – satellite tracking, SMS tamper alarm
- Highest quality LEDs
- Solar powered / environmentally friendly
- Programming options – laptop on site, modem, SMS or internet
- Windows-based software

Technical Specifications

Trailer

Overall length: 2420mm (1620mm with towing tongue removed)
Width (travel position): 1620mm – 1595mm
Width (operating position): 1620mm
Height (travel position): 2045mm
Height (max operating position): 2645mm
Weight: 560kg
Tyre: 185 x 75 x 14
Coupling: 40mm towing eye / quick release, 50mm ball

Power

Voltage: 12V
Solar Panels: 2 x solar panels – upgrade available for sale items
Batteries: 2 x 12V 200 AH Deep Cycle
Solar Controller: 20A Regulator
Operation on batteries / solar: Indefinite under recommended conditions

Display

Display Type: LED full matrix
Display Size: 1610mm x 1040mm
Communication: GSM, SMS, internet, satellite, web based, bluetooth, serial
Matrix: 48 x 28
Enclosure: Aluminium IP54 equivalent
Screen: Non-glare UV polycarbonate
Brightness Control: Automatic or manual
Display Lifting: Electro lift
